BOOK OF REFERENCE

Contents

Land within the administrative boundaries of Rutland and South Kesteven

Introduction

Page 1 to 5

Part 1 – Categories 1 & 2: Owners, Lessees, Tenants, Occupiers, Other Interest, Power to Convey or Release Land

Page 6 to 220

Part 2 – Category 3: Section 10 Land Compensation Act 1965 and Part 1 Land Compensation Act 1973

Page 221 to 222

Part 3 – Easements or other private rights proposed to be interfered with, suspended or extinguished

Page 223 to 317

Part 4 – Crown Interests

Page 318 to 318

Part 5 – Special Category and Replacement Land

Page 319 to 319

1. Introduction

- 1.1 This Book of Reference (“**BoR**”) has been prepared on behalf of Mallard Pass Solar Farm Limited (‘MPSF Ltd or the ‘Applicant’). It forms part of the application (the ‘Application’) for a Development Consent Order (“**DCO**”), that is being submitted to the Secretary of State for Business, Energy and Industrial Strategy (“**Secretary of State**”), under Section 37 of ‘The Planning Act 2008’ (**the ‘PA 2008’**).
- 1.2 The Applicant is seeking development consent for the construction, operation and maintenance of the Mallard Pass Solar Farm , including associated development (together the ‘Proposed Development’) on land at and in the vicinity of land either side and in the vicinity of the East Coast Main Line, near the village of Essendine. (the ‘Site’).
- 1.3 A DCO is required for the Proposed Development as it falls within the definition and thresholds for a ‘Nationally Significant Infrastructure Project’ (a ‘NSIP’) under Sections 14 and 15(2) of the PA 2008.
- 1.4 The DCO, if made by the SoS, would be known as the The Mallard Pass Solar Project Order 202[x] (the ‘Order’).
- 1.5 This BoR has been prepared pursuant to Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (“the APFP Regulations”). It describes all the land, and identifies all the interests, affected by the Order following diligent inquiry by the Applicant.
- 1.6 The land described in this BoR is required for the development to which the Order relates or is required to facilitate or is incidental to that development. The works comprising the authorised development are described in Schedule 1 to the Order (EN010127/APP/3.1) and shown on the Works Plans (EN010127/APP/2.2).
- 1.7 Every parcel of land that is affected is identified as a plot and a unique number has been ascribed to each plot. The plots are shown on the Land Plans (EN010127/APP/2.1) which accompany the Order and are listed in the relevant Parts of this BoR.
- 1.8 All plot area measurements in this Book of Reference are approximate and are rounded to the nearest square metre.
- 1.9 This BoR is comprised of five Parts, in accordance with Regulation 7(1) of the APFP Regulations, as follows:
- (a) **Part 1** (Regulation 7(1)(a)) contains the names and addresses of each person within Categories 1 and 2 (as set out in Section 57 of the PA 2008) in respect of any land which it is proposed is subject to:-
- Powers of compulsory acquisition;
 - Rights to use land, including the right to attach brackets or other equipment to buildings;
 - Rights to carry out protective works to buildings; or
 - Powers of Temporary Possession

The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO in respect of that particular plot:

- In respect of plots shaded pink on the Land Plans, where the Applicant proposes to acquire the land (on an outright and permanent basis) and to extinguish easements, servitudes and other private rights, the plot description includes this wording: " All interests and rights in..."
- In respect of plots shaded blue on the Land Plans****, where the Applicant proposes to create and acquire new rights (including restrictive covenants) over land, and in relation to which it is proposed to extinguish easements, servitudes and other rights to the extent that their exercise is inconsistent with the rights to be acquired under the Order the plot description includes this wording: "Acquisition of rights over...";
- In respect of plots shaded yellow on the Land Plans, where the Applicant proposes to possess and use land temporarily and during any period of temporary possession the exercise of easements, servitudes and other private rights are to be suspended, the plot description includes this wording: "Temporary possession of..."

The three categories of wording described above cross-refer to articles in the draft DCO as follows:

- "All interests and rights in" – the compulsory acquisition of land pursuant to article 20 of the draft DCO.
- "Acquisition of rights over..." – the creation and compulsory acquisition of new rights over land pursuant to article 22 of the draft DCO.
- "Temporary possession of..." – the temporary possession and use of land for the purposes of constructing the authorised development pursuant to article 29, and for the purposes of maintaining the authorised development pursuant to article 30 of the draft DCO.

It should be noted that whilst the descriptions in this Book of Reference refer to the principal land use power sought in the DCO, The Applicant also seeks the power to temporarily possess all of the land within the Order limits and to suspend the exercise of existing easements, servitudes and other rights over the land during any period in which it is temporarily possessed.

Category 1 persons are defined as those who own, lease, or hold a tenancy in relation to or occupy the land (section 57(1) of the Act).

Category 2 persons are those who have an interest in the land or have the power to sell and convey or to release such land (section 57(2) of the PA 2008).

- (b) **Part 2** (Regulation 7(1)(b)) contains the names and addresses of those persons within Category 3. Category 3 persons are defined in section 57(4) of the PA 2008 and are persons whose land, whilst not directly affected by the authorised development, may be entitled to claim compensation under Section 10 Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152 of the 2008 Act, for loss resulting from the implementation of the Order and use of the land once the Order has been implemented. However, after carrying out diligent inquiries and having carefully assessed the likely significant environmental effects of the proposed Sunnica Energy Farm, the Applicant does not consider that any person would be entitled to make a claim under part 1 of the Land Compensation 1973 or under section 152(1) of the PA 2008.
- (c) **Part 3** (Regulation 7(1)(c)) contains the names and addresses of those entitled to enjoy easements or other private rights (including private rights of navigation over water) which it is proposed may be extinguished, suspended or interfered with in connection with the authorised development, pursuant to the Order;

- (d) **Part 4** (Regulation 7(1)(d)) identifies land which is proposed to be used for the purposes of the Order and in which there is a Crown interest. "Crown land" is defined in section 227 of the PA 2008 and includes interests belonging to Government departments among other Crown interests. As a result of diligent inquiries, the Applicant has identified that no land has been identified within the Order limits which is Crown land; and there are therefore no plots listed in this Part;
- (e) **Part 5** (Regulation 7(1)(e)) identifies plots:-
- the acquisition of which is subject to special parliamentary procedure;
 - which are special category land; or
 - which are replacement land.

Having made diligent inquiries no land has been identified that would be required to be included in Part 5. Where it is stated in Part 5 of the BoR that "No land was identified which should be included in this part", this confirms that no special category land, land subject to special parliamentary procedure, and no replacement land is required.

For plots where the Applicant seeks to acquire rights (including restrictive covenants), different 'categories' of rights powers are sought. This is reflected in Schedule 9 to the DCO and has been noted in Part 1 of the BoR, by assigning to the numbers to the categories listed in that DCO Schedule, as noted below:

Category 1: "Access Rights" means rights over land to, for the purposes of the authorised development and in connection with the authorised development — (a) alter, improve, form, maintain, retain, use (with or without vehicles, plant and machinery) means of access to the authorised development including visibility splays and to remove impediments to such access, (b) remove, reinstate passing places in the highway and means of access to the authorised development including visibility splays and to remove impediments to such access; and (c) pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface)

Category 2: "Cable Rights" means rights over land to, for the purposes of the authorised development and in connection with the authorised development — (a) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain underground electrical cables, earthing cable,

optical fibre cable, data cable, telecommunications cable and other apparatus, works associated with such cable including bays, ducts, protection and safety measures and equipment, and other apparatus and structures; (b) remain, pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface or form a temporary compound) for all purposes in connection with the authorised development; and (c) restrict and remove the erection of buildings or structures, restrict the altering of ground levels, restrict and remove the planting of trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt or interfere with the exercise of the rights or damage the authorised development.

Category 3: “Substation Connection Rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development — (a) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain electrical cable, earthing cable, optical fibre cable, data cable, telecommunications cable and other services, works associated with such cable including bays, ducts, protection and safety measures and equipment, and other apparatus and structures and to connect such cable and services to the National Grid Ryhall substation; (b) install, use, support, protect, inspect, alter, remove, replace retain, renew, improve and maintain public sewers and drains and drainage apparatus and equipment; (c) remain, pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any temporary surface or form a temporary compound) for all purposes in connection with Work No. 3; (d) restrict and remove the erection of buildings or structures, restrict the altering of ground levels, restrict and remove the planting of trees or carrying out operations or actions (including but not limited to blasting and piling) which may obstruct, interrupt or interfere with the exercise of the rights or damage the authorised development; and (e) install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain soft landscaping and biodiversity measures.

Category 4: “Vegetation Maintenance Rights” means rights over land to install, use, support, protect, inspect, alter, remove, replace, retain, renew, improve and maintain vegetation for the purposes of the authorised development and in connection with the authorised development.

Category 5: “AIL Rights” means rights over land to, for the purposes of the authorised development and in connection with the authorised development — pass and repass on foot, with or without vehicles, plant and machinery (including rights to lay and use any surface) and to temporarily remove impediments to such passage

Part 1 – Categories 1 & 2: Qualifying Persons under Regulations 7(1)(a) of the APFP Regulations 2009
